## WORK EXPERIENCE

### FIDF IMPACT! / Website Designer 2024 - present

Manage and update the organization's website through WordPress, ensuring that event listings, announcements, and alumni features are regularly maintained and accurately presented.

- Design and publish custom business showcase cards for past alumni, highlight their ventures within the organization's professional network.
- Oversee website functionality and content organization, ensuring a seamless user experience by structuring pages, optimizing accessibility, and maintaining the overall site integrity.

### Oded Ezer's Clinic / UX & Design Researcher 2024-2025

Collaborated with Oded Ezer, student designers, and geologists as part of a group clinic working on the Magma Rising Exhibition in Oxford, England.

- Conducted in-depth design research on branding, typography, and speculative storytelling for the project's digital presence.
- Developed wireframes and UX concepts for an interactive landing page, exploring ways to engage audiences through narrative-driven design.
- Engaged in cross-disciplinary collaboration, refining ideas through weekly critiques and discussions with geologists and design experts.

## EDUCATION

### Holon Institute of Technology / Bachelor of Design 2022 - present Visual Communication, 3rd year.
